WEBSITE PROJECTS

Project Overview and Features

1. Personal Portfolio Website

Displays personal details, educational qualifications, technical skills, hobbies, projects, achievements, resume, and contact information. It uses a purple theme with HTML and CSS.

2. Dream Homes – Real Estate Website

Displays properties for sale and rent, including prices, locations, bedrooms, and amenities. It includes a property search bar, property comparison table, and contact section. It uses a blue and gold theme.

3. Golden Spoon Cafe Website

Displays the restaurant menu, food prices, chefs, ambience, customer reviews, opening hours, and table reservation form. It uses a burgundy and gold theme for a premium look.
